I wish I would have known that the "facts" weren't actually facts before buying this book. Although I don't imagine it would have changed my purchase decision as this book was still very, very cute and wad full of humorous little "facts" about panda bears! If you live these black and white lovable giants I would definitely say this book is worth buying and putting next to your toilet for a nice little chuckle while you use the restroom! I loved this book, even if the facts weren't real facts! Definitely a nice edition to my personal library!0 of 0 people found the following review helpful. Hilarious!By ClaireThis book was the funniest thing we've seen in years! It's full of incredibly bad@\$ "panda facts"...which are just close enough to believable that it took us half the book to decide that they MUST be made up!Example (from memory, so I assure you it's funnier in the book): Panda skin is bulletproof. There was a story to go with this, but I don't recall it. :DHighly recommended for any panda lover with a healthy sense of humor!1 of 1 people found the following review helpful. HilariousBy KendallThe book was in perfect shape when it arrived. Seriously hilarious. I love David O'Doherty. Can't wait to read 100 Facts about Sharks.

Pandas are irresistible and people think they know a lot about them. But only the true panda expert knows: -The age of a panda can be determined by measuring the distance between its nipples -In Egyptian hieroglyphics, the panda symbol means "notwithstanding" -Prince's song "Purple Rain" was inspired by the mixed emotions he feels about

pandas Smart, funny, and chock-full of panda pictures, 100 Facts About Pandas will astonish and entertain both animal lovers and everyone who laughed their way through The Book of Bunny Suicides and F U, Penguin.
