Author is Full of HateBy bizzy\_knitting There is a statement from the author that she was "...still amazed that she married one of the male species and dedicates herself to sculpting him into a better model". I feel so sorry for the poor guy. This author is not going to be married for long, and it won't be a mystery as to why. "A better model"? The poor sod is eventually going to find a woman who will love him for who he is and not insist he needs fixing. If a man were to write a book like this about women, it wouldn't be safe for him to walk the streets. Why is it that women feel that it is perfectly acceptable to spew hateful, twisted garbage about men? There is no other term to describe this book other than hate speech. 0 of 0 people found the following review helpful. Someone has issues...By Lars Ohlman I feel sorry for her husband. The author must be a lot of fun to be around. Waiting for the movie to come out on the Oxygen channel.

Men. It's pretty difficult to think of what use they could be put to.
