**Ronald Stanza : 1001 Lewdest Limericks: An Erotic Collection** before purchasing it in order to gauge whether or not it would be worth my time, and all praised 1001 Lewdest Limericks: An Erotic Collection:

0 of 0 people found the following review helpful. Limerick overloadBy AjiHow many limericks can one absorb at a reading. I found that for me there were too many. I would soon become bored. I have only read 25% of the book and feel no inclination to pick it up again.9 of 10 people found the following review helpful. If you like limericks, give this book a chance!By A CustomerI'll not be as tough on this book as was my fellow Ohioan. The title says "Lewdest Limericks," not cutesie clean ones. To me, lewd and dirty mean pretty much the same and I bought the book expecting what I got... good clean smut! If you are not turned off by explicit language and erotic content and have the patience to read each limerick in this book (remember, there are a thousand and one... and that's a lot), you will find some real gems! In most large collections there are losers...and this book has its share, but I'm not about to throw the baby out with the bath. Yes, it is too bad we do not know more of the "author" or compiler... and are these Stanza's own originals or ones gleaned from other sources. This is not the book to buy if writing your doctoral dissertation on the history and evolution of the classic limerick, but if you're not super critical and are looking to add another limerick book to your library why not try it.5 of 9 people found the following review helpful. Dont botherBy A CustomerI understand many if not most limericks \*are\* dirty, but these are awful; not even clever. So poor there are no acknowledgements, preface, background, nothin'. I can see why no one would want to take the credit for this. The lesson is, just because it comes up on .com's "Top matches for this search" (search on "limerick") doesn't mean it's any good. Hardly worth the effort to send back, but I sure don't want to encourage those involved in publishing this book

by throwing it in the trash.

Very good softcover volume. Covers show light edge wear. Pages are clean and unmarked.
