Greg Dent, Jeff Welker : 1001 Stupid Reasons to Name Your Kid before purchasing it in order to gage whether or not it would be worth my time, and all praised 1001 Stupid Reasons to Name Your Kid:

2 of 2 people found the following review helpful. Practical in a fun wayBy Doris DentOkay, you are expecting and have to decide on a name for that bundle of anticipated joy (especially for first-time parents who don't know yet all of the non-joyful moments in child-rearing) You need a list of potential names to choose from unless you are planning to name your kid after some relative or other. Anyhow, this book has an enormous list of names to choose from, and is a fun read as well. You know, even if not needing to name a child the book is just funny. Give it a try!..2 of 2 people

found the following review helpful. Great baby shower gift!By L. DysartSuch a clever book! I've laughed out loud at quite a few of the name suggestions. Definitely a great baby shower gift or gift for anyone expecting. Anyone with a sense of humor will enjoy the well thought out and sometimes silly name suggestions.1 of 1 people found the following review helpful. Bizarre, unique, hilariousBy JKHey! You need this little gem born of seriously weird minds. Read each "reason" and name, don't think too hard, say it out loud if you need to. When I open it and read a page, I'm transported to an absurdist paradise. Still scratching my head on some of them, but it's a pleasure to try to match wits with the authors. You might find a name idea here--how about Esau or Jermaine--but my stupid reason for reading is good, clean pun.

Got a favorite toe? If so, ever thought of naming your kid Tobias? Well, why the heck not? Do eggs made you angry? Name him Greg Prefer the imperial pint? Name her Abigail Fall in love easily? Cliff Do you like fishing? Annette Always wondering what the smell is? Theodore People always asking you to hold the door? Well, you get the idea. See, it's easy. Yes, your kid's name should mean something to you. But nobody said it had to mean all that much. Kick back and let us do the work for you. All you need to do is tell us a little about yourself.
