From the get-go I couldn't help myself from giggling. The cover and title touched that latent child inside me. And I'm sure that's what the author intended. And come-on! How precious is that but, to be named "Charlie Chestnut"? Its like the author was meant to write this book. This, in my opinion, will become one of those cult classic Kindles...you know, like the movies? How could it not? My favorite twister was #70.

After being stationed in Tokyo for years that brought back fond memories. And I'm still trying to say this 10-times without flubbing. Thanks Charlie, for bringing back the giggle. 4 of 4 people found the following review helpful. Kids will love these
By Lynn Bryan I got this book to share with my kids and we had so much fun going through them. The tongue twisters in here are very age appropriate for smaller kids but even older kids will have a blast trying to get through these without messing up! I even had a hard time on many of them! Lots of fun for all ages!

I can't tell you how much fun I have had through the years telling jokes and doing tongue twisters with my children. This book is meant to cheer you up, help make friends, or just be downright silly. I hope this book helps you to share the joy of laughter with your kids and puts a smile on yours and theirs faces. -Charlie Chestnut
