English bulldogsBy CamilleSince we have lived with and loved English bulldogs for years and years (ever since our disastrous attempt to love and live with a beagle), we collect bulldog memorabilia when we see something we like. We liked this little book. You will, too, if you love bulldogs. Sorry, beagles....8 of 8 people found the following review helpful. I bought it for a friend who has a chihuahua and he absolutely loved it. A perfect gift for the guy with the little guy!!3 of 3 people found the following review helpful. Great Gift for anyoneBy Southern LightThis book will bring smiles to your heart, I love all dogs, but especially Chi's, my own little "Candy" is 5 pounds, we live on 5 acres and have cattle, horses, and goats in pastures all around us, she patrols (on) leash, and she lives up to some of the pictures in the book, I smiled all the way through this, great gift for small dogand Chi lovers...my little Chi does not know she is little as they say (Chi's are small in size but BIG IN HEART)

Adorable and intelligent, bulldogs eagerly perform scores of tasks for their owners. This charming book provides 101 photographic-proof examples of how bulldogs happily help out as as garbage disposals, alarm clocks, lawn fertilizers,

gatekeepers and more! This is the eighth edition in Willow Creek's popular "101 Uses" series.
