The Book That LaughsBy margaret gillettI got this book for my husband who has a pug named "Rambo" and Rambo looks very much like the pug on the cover but better looking....this dog is my husband's best buddy...my husband has diabetes and a chronic painful lower back condition....so every picture in this book can be related to Rambo....I got this for a birthday gift...my husband is 79 this year.....a pug is more than a dog...he is a companion that can make you laugh and feel good and also give you comfort when he tells my husband it is time to go to bed and lies down beside him...what more can I say.4 of 4 people found the following review helpful. Wish it was Longer!By DanielleI love this book because I have a slight obsession with Pugs! I ended up buying one as a gift for a friend who equally loves pugs and he loved it. I gave it four stars because I wish it had more pictures or more words! You flip through the book pretty quickly!19 of 20 people found the following review helpful. Great bookBy SandyVery cute book with lots of cute Pug pictures. Bought this for my little sister who LOVES Pugs and she fell in love with this book and it's a very good read. If you like comedy and Pugs, this book is perfect.

Looking at them, you would never guess that pugs can be so useful and versatile. Yet, if you watch them closely, it s clear to see that these dynamic dogs perform scores of tasks. This book provides photographic proof of pugs

functioning as car security systems, weed killers, moist towelettes, foot warmers, and more. In need of some minor garment alterations? Look no further than an industrious pug! A total of 101 uses for a pug reveal why these dogs are so lovable and popular.
