Margaret McAllister : 15 Things Not to Do with a Baby before purchasing it in order to gage whether or not it would be worth my time, and all praised 15 Things Not to Do with a Baby:

0 of 0 people found the following review helpful. but this one has been there favorite. This isn't your typical new baby book (isn't ...By mountain mamaI got this when I was pregnant with baby #3 to read to my 4 year-old and my 2 year-old. We have a few books about new babies joining the family, but this one has been there favorite. This isn't your typical new baby book (isn't really informative about what to expect with a baby). However, this is a funny book about stuff NOT to do with a baby. Both my older children found it very funny since the ideas in the book are quite silly. This is a book they are STILL asking to read over and over again (and new baby is almost 1!).0 of 0 people found the following review helpful. This is a delightful book and perfect for a child with a little siblingBy Nicolianne ManchesterThis is a delightful book and perfect for a child with a little sibling. The illustrations are so funny. My grandson loves it.0 of 0 people found the following review helpful. A Winner for New Siblings!!By Cheryl Carpinello, author of MG Arthurian Tales and others. See my Author PageThis was a gift for our grandson whose sister was born in Dec. 2015. The day it arrived, we had to read it 6 times! He loved it and thought the things not to do with a baby were hilarious!!

Congratulations! You now have a baby in your family. Follow our top tips and you'll all be very happy. Don't lend your baby to a kangaroo, plant your baby in the garden, or take to school with you - and definitely don't send your

baby to play with an elephant!DO cuddle your baby, read to your baby, sing to your baby and give your baby lots and lots of love.

From School Library JournalToddler-PreS—There are many things not to do with a new baby, and McAllister blends the nonsensical with the everyday to create a gem for new older siblings. Perhaps cuddling with an octopus might not be the best idea or losing the baby in the garden. But readers also learn about some of the wonderful things they can do—kiss, love, and hug, just to name a few. Charming illustrations illuminate the text and create an adorable sense of kinship between the siblings from the get-go. Overall, a fun and cheerful story about new milestones in life that young readers will relate to and enjoy. VERDICT A wonderful selection for parenting collections or collections lacking in positive sibling stories.—Ashley Prior, Lincoln Public Library, RI "With vibrant child-friendly illustrations and a laugh-aloud story, this clever book is just the book to share with age three and upwards."
