to buy for person who has everything. I am buying my mother-in-law this book for her 80th birthday this November. If this book doesn't make her laugh, nothing will! I give this easy to read book 5 stars. I know you will love it too! 0 of 0 people found the following review helpful. 200 Sure-Fire, Lead-Pipe-Cinch, No-Question-About-It, Ways to tell -- you Might be Getting Old! By Thomas R. Schori I've read many pieces written by Michael L. Garee. Most of what I'd read have been serious pieces--with a hint of humor. This little book is downright hilarious. Knowing that he can write with the speed of the late William F. Buckley, Jr., I'm certain that I will have the pleasure of reading many, many more of Mr. Garee's books. Shelly "Although I'm too young to see much of myself in Mike Garee's book, I sure can see older friends and relatives. But I feel that I'm laughing with them, not at them. The book is pleasant reading for all of us, especially those who can benefit from seeing themselves as others see them."

In 2007 I launched a new website aimed at seniors and those who love them, Senior Moments Online. One of the regular site features is "The Lighter Side", and as the title suggests, it is there that we focus on some of the more humorous aspects of being a senior. (And trust me, there are quite a few!) So, in an early attempt to generate material for "The Lighter Side", my wife and I began batting around some "You Might be Getting Old If . . ." one-liners, à la Foxworthy. We found it great fun (we're easily entertained these days!), and 200 of those one-liners we considered to be "keepers" are included in this book. Enjoy! - Michael Garee
