It became such a hit with friends that I have ordered and given four. You gotta see it to remember the gravity of our situation with W!8 of 11 people found the following review helpful. a lot of georgeBy B.

Vonderhaarthis was bought as a joke gift for two people who are definitely not fans of W's. there were quite a few funny quotes and pictures, but also a lot of extremely small writing that was difficult to read when placed on a wall, as calendars usually are. the big problem, however, was looking daily at a large picture of the face of someone with whom you don't agree in a major way. neither of the recipients of this calendar hung it up to be used as a normal calendar. all in all, it served its purpose as a funny joke gift, but with limited value.0 of 2 people found the following review helpful. Great CalendarBy Sizzlechest_KGreat Calendar! Funny quips every month. On average five funny items per month. Good sized, functional calendar otherwise. A good purchase.

Hang in there-it's almost over!Much of the nation has been counting the days since the first inauguration of the president who said, "I'm the commander-see, I don't need to explain-I do not need to explain why I say things. That's the interesting thing about being president."Yes, there is hope-and now you can count down the days while enjoying:• the best of Bush bloopers and blunders• the indictments, scandals, embarrassments and audacity of the president's

advisors, admirers (think Harriet), cronies, appointees (see “cronies”) and strange bedfellows.
