DC Ward : 2016 Election Collection: A Special Souvenir Collection of Politics, USA Cartoons Inspired by the Historic 2016 Election before purchasing it in order to gage whether or not it would be worth my time, and all praised 2016 Election Collection: A Special Souvenir Collection of Politics, USA Cartoons Inspired by the Historic 2016 Election:

The 2016 Presidential Election cycle was over the top... and it was GLORIOUS! Who can forget Crooked Hillary, Lyin' Ted, the size of Trump's hands, Little Marco, and low-energy Jeb! (please clap)... Wikileaks, the email scandal, the press colluding with the DNC... and liberal protesters all over the place not accepting the outcome. Crazy good times ;) The Politics USA 2016 Election Collection is a great souvenir from this historic time, with election related cartoons spanning the season from the primaries to the election. Liberals won't be pleased, but that's what Makes America Great Again!
