The pictures are priceless, the card stock sturdy (does not curl in and holds up to nails well), and there's plenty of room to make notes. And no one here gets tired of the pictures -- they really are that good.0 of 0 people found the following review helpful. A Big Hit At My Office!By L. JohnsI LOVE, LOVE these calendars! For the past 2 years I have bought them at Big Lots and this year searched all over the place and no Pets Rock, so I ordered it online and it even came earlier than it promised.0 of 0 people found the following review helpful.
