Jade Summer : 2017 Wall Calendar Adult Coloring Book (16 Months) before purchasing it in order to gauge whether or not it would be worth my time, and all praised 2017 Wall Calendar Adult Coloring Book (16 Months):

0 of 0 people found the following review helpful. Good Pictures, Bad Calendar By Brett C. The pictures are great, and I like that I can color on the pages with colored pencils, but I'm disappointed with the actual calendar part. The lines don't extend through the whole page, leaving what should be boxed dates just empty space with numbers evenly spaced through the column. I'm also not a fan of the calendar starting with Monday, leaving Sunday as the last day of the week. This calendar is also much smaller than what I thought I'd get, the pages being the same size as printer paper (I clearly didn't read the product dimensions, so that's my fault, but the "large print" near the product title threw me off). If I had wanted something to simply color I would have spent a couple more dollars and gotten a full coloring book, but I was most interested in having a calendar. I would have had better luck printing off my own calendar pages and attaching coloring book pictures than what I got from this. 1 of 1 people found the following review helpful. Great

relaxation tool
By okbyeI got a coloring book by the same artist and liked it so much I bought this calendar. Now I have just over 2 months to get it colored before January! I love the detailed pictures with the little boxes, you don't have to have any talent to do them neatly, which is great in my case. Adult coloring is the new big thing for relaxation and stress reduction, and it works. You get so focused on these little boxes you forget about whatever was bugging you. And it's fun to play with the colors. Get yourself some decent colored pencils and color a picture today.

By JODI D. Not the best quality. Pages are difficult to bend over nicely and there isn't a hole to hang the calendar. The artwork is cool though.

2017 Wall Calendar Adult Coloring Book (16 Months) Prepare yourself for the incredible combination of wall calendars and adult coloring books.
