This Book was Written by Goobee Da Loon's Daddy So How Can You Go Wrong.By Tag PowellThis book was Written by Goobee Da Loon's Daddy So How Can You Go Wrong. I have become a big fan of Goobee Da Loon's adventures. When I saw 26 Secret Unicorns I thought great HK has a coloring book I quickly bought it. I was wrong again. It is so much more than a coloring book it is a drawing book. The kids draw their version of the drawing in the book. The Kids after drawing can color their drawing with their crayons. Examples are given but I am not sure the coloring suggestions are accurate, truthfully I have never seen a Unicorn with purple stripes.But Wait There's More...The 26 Secret Unicorns drawings are just a come on as the book is really a Unicorn Biography. No kidding. You learn the entire factual history of the Unicorn. Discover where the references to the Unicorn has appeared in literature of the ages. An enjoyable fast read and a great read-tell along. Recommended!P.S. I don't know what you are going to do with all the Unicorn drawing the kids made.0 of 0 people found the following review helpful. We bought this is a giftBy Martin BrossmanI heard how parents coloring with their kids is a very powerful way for Dad or Mom to relate with their children. Having a friend say that their child likes Unicorns I thought this would be a good book for I have been a fan of all of MK Grassi's books. The book is simple but elegant. A outline of a Unicorn along with a place to name it and a funny job title.

Good news for fans of adult coloring books! This edition of 26 SECRET UNICORNS, by award-winning artist MK Grassi, has been updated and now features beautiful pen and ink illustrations and highly detailed background designs which can be colored in any way you like. And if you want to learn how to draw your own unicorns, a good way to start is by copying or tracing the illustrations in this book. (Helpful instructions are included.) As added entertainment, each illustration comes with a profile listing the depicted unicorn's name, job and ambition or interest. 26 SECRET UNICORNS also contains: a confidential exposé of unicorns throughout history a special report about temporary tattoos a generous dose of humor! Written for adults but appropriate for older children as well, 26 SECRET UNICORNS appeals to any coloring enthusiast. Pick up your copy now.
