Some pages do have simple drawings as other reviewers have stated; however, many of the pages are more detailed as well. Cute, funny story with some cute and some bizarre characters. For kids or adults. I bought this as a Xmas present for my 31 year old sister who is a kid at heart, and I think she'll love it.3 of 3 people found the following review helpful. I wish I'd waited to open it when those two were elsewhere, because I really wanted it for myself. I had to order another copy from for the daughter who didn't get the first one. Wish I could get the other book from the package deal, too.1 of 1 people found the following review helpful. Awesomely hilarious coloring book, for ALL Ages!By MMThis is the cutest/funniest coloring book I have ever come across.I would say it is great for all ages. I bought it for my 7 year old Son and he laughs and laughs at

all the pages. It is goofy, but in a funny way. ;-)
My Son and I color this together. It's great Mom Son time, and it's better than watching TV or playing a video game. We laugh and giggle as we color. GREAT coloring book!
