Chaney This is an outstanding small book that would make a great gift to anyone who loves animals (not just dogs). The insight is great and the artwork is even better. Highly recommended.

Who better to coach us on the secrets of life than the masters of the here and now: dogs? With wonderfully whimsical

art and scraps of wisdom straight from our canine companions, this little volume offers a guide to everyday enlightenment. We humans would do well to follow the ways of our furry friends: love boldly, embrace surprise, be loyal, watch for opportunity, and just say yes . . . all while never missing the chance to feel the grass between our toes. 112 pages.
