**Mark D Donnelly, Dr Maddog : 50 Shades of Gravy** before purchasing it in order to gauge whether or not it would be worth my time, and all praised 50 Shades of Gravy:

Fifty Shades of Gravy is a satirical look at food and the sexual vocabulary it brings to the table, demonstrated with fifty terrific recipes that help us to laugh at ourselves. It's an examination of the head-on collision of sexual slang and food, combined with fourth-grade humor, and enough meaningless trivia to make you a complete bore on a first date.
