**Mike Gallagher : 50 Things Liberals Love to Hate** before purchasing it in order to gage whether or not it would be worth my time, and all praised 50 Things Liberals Love to Hate:

1 of 1 people found the following review helpful. Spoiler alert, he's being tongue in check! By Amy A lot of the negative reviews take a chapter heading that the commentor saw from 's "look inside" feature and then proceeded to knock the most easily accessible strawman over to prove how this book is hogwash. At best they have read the book ready to be offended with a red pen in hand to make angrily scrawled notes over the pages in defense of their

lifestyle. Which is really sad because Mike Gallagher has written a truly hilarious tongue-in-cheek book to highlight the absurd conclusion of the more radical liberal mindsets. For example, Gallagher writes how liberals hate boys (and then in the next chapter writes about how they hate girls too). It's obvious that liberal parents love their boy and girl children (or at least I'm sure they would if they weren't committed to not contributing to the population problem by not having kids or if they didn't consider children a punishment foisted upon women by misogynistic men.), it's obvious that liberals do not in fact hate boys, but Gallagher uses satire to illustrate that some of the things liberals champion such as medication for stereotypical boy behaviors. So if you're a liberal and thinking about reading the book, do so and take it in the good humor it was written in, Gallagher is a funny man who makes insightful comments. Who knows if you read it ready to laugh at your own foibles you might just walk away from it willing to reexamine some things ;-) 0 of 0 people found the following review helpful. Watch out libs (aka socialists/communists) By DA After reading this book, I can typically spot a lib (or socialist/communist) with the first words that come out of their mouth. Great job on the book Mike. I'm buying one for all my friends. 0 of 0 people found the following review helpful. Confused about how liberals see America? Mike Gallagher can help! By Thomas from NC Funny, insightful, and plenty of facts to back up his reasoning. I never miss an interview with or an article by Mike Gallagher. His commentary is intelligent, funny, and, as my British cousins say, "spot on." If you love America but don't quite "get" the liberal mindset and worldview, then read this book. Highly recommended!

A nationally syndicated radio talk show host and Fox News contributor uses his trademark humor to take us inside the life and mind of the American liberal, coming up with 50 definitive things liberals just love to hate. It's hard work being a liberal these days. When you hate things most Americans love, it's tiring to have to endlessly correct/educate/fix/enlighten the poor dullards out there who just want to enjoy their lives. But it's not too late, liberals, to join the fun! C'mon, crack open a Bud and throw another T-bone on the grill. But kindly check your disdain at the door when it comes to: WARMART: How about a handmade, locally sourced flat-screen television instead? STEAKHOUSES: There's no steamed tofu on this menu. MCDONALD'S: The stranger in the playground handing out candy to children. FLAG PINS: It's okay to love America, but not enough to wear it on your lapel. FOOTBALL: War with cleats and pads. THE V-8 ENGINE: There's just something plain wrong about all that power and freedom under the control of one person. SUCCESS: When you make more money than the rest of us, it hurts our feelings. THE FOUNDING FATHERS: A bunch of old white guys who are making it nearly impossible for modern government to pick our doctors, teach our children, correct our diets, and save our money. . . . and 42 other darn good reasons to lock the doors, crank up the A/C, turn on the game, and let the countdown begin. . . .

About the Author Mike Gallagher began his career in talk radio at the age of seventeen in Dayton, Ohio, and has been in front of a microphone ever since. In 1998, after stints as a local host in regional markets like Albany and on America's biggest station, New York City's WABC, Gallagher launched his nationally syndicated show with twelve markets. Today, Gallagher's show is ranked #6 in America by Talker's Magazine. Gallagher is also a Fox News Contributor, appearing regularly on all of the popular Fox shows, and has guest hosted Sean Hannity's show. Gallagher is also a Town Hall columnist, and in 2005 he wrote his New York Times bestseller *Surrounded by Idiots: Fighting Liberal Lunacy in America*.
