I had a copy when I was raising my children, but over the years it has gotten away from me, so I had to have another now to use with the grandkiddos! Tons of fun and great laughs!

This little book is full of wild ideas and hysterical humor to bring the laughter back into a home with an emotionally disturbed child. Need a good laugh? This book will do it! It includes lots of "one liners" and silly, fun ways to help parents avoid anger around tough topics. Written by a very experienced and loving Therapeutic Mom with years of success helping tough kids heal.
