I read other reviews before deciding to purchase, as I was not sure this was a coloring book I would enjoy. I am so glad I decided to give it a try! When I received it I immediately sat down, went through it, and took out my colored pencils. I love the Lord of the Rings and the pictures in this book are just waiting for color to make them come alive. I am enjoying it immensely. 0 of 0 people found the following review helpful. I'm giving it a five for the awesome art work. By Laurie Gregory I'm giving it a five for the awesome art work! But I am also subtracted 3 stars because it printed on both sides of the paper! I'm still happy about it! 0 of 0 people found the following review helpful. Loved it! By Zutroy Terwilliger Artwork is fantastic!

Gorgeous line art begs for color in this compendium of the beasts, monsters, and flora and fauna of Middle-earth. Bring your favorite creatures from the books into sharp detail with your colored pencils or markers. Smaug the dragon, Balrogs, Hobbits, and Elves give you plenty of opportunity for creativity and shading. Turn each page into a precious work of art!
