Why are there snails and squirrels? Does it really matter if the garden of your mind is filled with weeds? All these questions and more are addressed - on the level of thought. I enjoy this book so much that I regularly give it as a gift to other Course students. :D 2 of 2 people found the

following review helpful. It's an excellent spoof of ACIM By Ute K. Hilarius -- IF you are a student of A Course in Miracles. If you are not, don't bother ordering this. It's an excellent spoof of ACIM, but you need to be familiar with ACIM in order to get the humor. 0 of 0 people found the following review helpful. Great humor for A Course In Miracles students By Debra Miller Hilarius! Great humor for A Course In Miracles students!~

Mysteriously misplaced in a leaky garden shed since the turn of the century, A COURSE IN MARIGOLDS is back to muddle the minds and lighten the hearts of students of A Course in Miracles everywhere. This brilliant parody by Michael Stillwater echoes the unmistakable prose of the original to present an "ACIM for Gardeners" that is hard to describe and even more difficult to learn. A hilarious hybrid of horticulture and holiness, this ACIM begins where many other spiritual systems have wandered off, and ends where no other system would even dare to begin... "Gloria's gardening will never be the same!" — Endorsement of the original 1988 edition by KENNETH WAPNICK, Ph.D., editor of A Course in Miracles "I love your book, and have been spreading it around. Keep up the gardening!" — MARIANNE WILLIAMSON, author of A Return to Love "I'm sure wherever it goes, this book will continue to plant seeds. He who has two good ears to hear, let him hear!" — GARY RENARD, author of the Disappearance of the Universe trilogy
