I like old building and deserted buildings.3 of 3 people found the following review helpful. Casually Artistic with an Amazing and Fun Spin!By Tierra A. DrollingerHaving reviewed quite a few adult coloring books I was definitely curious what this book was going to be like! It really is a more laid-back kind of style that is Really fun and doesn't pressure you to be perfect when you color. A little color

over the line won't make you stress, it will just make it more beautiful! A Perfect coloring book for someone who just wants to add some color to their life-without the pressure of coloring perfection. And a Must for a busy but coloring obsessed adult who just wants a few hours of relaxed coloring to get a fantastic colored creation!#1 book for those who are stepping their toes into the adult-coloring-book world! And even better - it starts you off at a good pace and gets even more intricate! Get yourself this brilliant coloring book while you can! You won't regret it!(I suggest Colored pencils for the best results but markers would work as well!)Disclaimer: I was given a free copy for my honest review3 of 3 people found the following review helpful. A Most Excellent and Different Adult Coloring BookBy Joyce MThis is an awesome adult coloring book. The pictures are well-done and quite different than so many other books. They are printed on 1 side, the pages are numbered to correspond with the index of type of scene, the paper is of excellent quality and it's fun to color in! If you are in the mood to move away from mandalas, flowers and patterns, this is the perfect book to go to. I love adding this to my collection and recommend it to everyone. I have only finished one page so far and included a photo. I have quite a few pages I can't wait to get to. Shipping and packaging were excellent.

Abandoned by man, reclaimed by nature, illuminated by you. The coloring book illustrations are inspired by abandoned, forgotten locations all over the globe. Images incorporate a montage of ruin, architecture and flora. The coloring book has a total of 41 images printed on single sided pages. Images are a mixture of portrait and landscape layouts.
