Kendall Bohn : Abstract Adventure II: A Kaleidoscopia Coloring Book (Volume 2) before purchasing it in order to gage whether or not it would be worth my time, and all praised Abstract Adventure II: A Kaleidoscopia Coloring Book (Volume 2):

The Owls by creative haven is my favorite so far. The pro for this book is every two pages are the same. If you did not like the first one you can do something different on the next page. The cons: every two pages are the same, lots of the designs are similar, the paper is scratchy so the color does not go on smooth. I have included some photos so you can see what I mean.0 of 0 people found the following review helpful. Not for meBy Nicole PhillipsAll of these books are alot alike and not at all worth it in my opinion. Pages are thin lots of repeats and printed from someones home just days after ordering.0 of 0 people found the following review helpful. This is my favourite colouring book so farBy Laurel EnnisThis is my favourite

colouring book so far. It's SO relaxing to just noodle away at it. I find the abstracts allow more freedom of colour than say, a floral garden book. Yes, you can have purple leaves but it looks wrong. I have anxiety issues and this new hobby is wonderfully relaxing.
