Kendall Bohn : Abstract Adventure V: A Kaleidoscopia Coloring Book (Volume 5) before purchasing it in order to gage whether or not it would be worth my time, and all praised Abstract Adventure V: A Kaleidoscopia Coloring Book (Volume 5):

2 of 2 people found the following review helpful. It looks like a fun coloring bookBy Karen BRemember that these coloring books are designed for the grown up or mature young person, not for children. The deisgns appear to be interesting and fun. I like the fact that the author/creator includes a color guide to help you get the most out of the coloring experience, especially, if you like me, had little to very little art education; I didn't know how to use a color wheel to combine colors. He also includes a glossary of terms which is very helpful. I like the paper and the clear dar lines. It does look like it will take me awhile to complete a page. After I color some I will come back and revise my review if necessary. I purchased several of this artist's books at one time.0 of 0 people found the following review helpful. Lots of FunBy J. EmersonI do this coloring for fun, but also art therapy. It calms me down and takes my mind

off the stresses of the day. Another fun thing about it is that you can do the exact same page in different colors and it looks like a totally different picture. I usually pick out the designs I like the most and make copies of them on a copy machine. That way I can do them more than once. 0 of 0 people found the following review helpful. Abstract coloring book By Sue CI love this coloring book. Great for a colorer who likes to color with some experience. I personally have been using cored pencils.

Get ready for a one-of-a-kind exploration in creative coloring, perfect for any age. These original unique abstract images were created by the artist Kendall Bohn. The lines intertwine forming shapes and patterns with movement, depth and personality. 26 of the 52 designs are called "Clones". These Clones are slightly altered from the original free hand drawings, forming another entirely unique perspective to the creative coloring experience. These pages are suitable for crayons, pastels, markers, pencils or paints. Coloring is relaxing and brings out the artist in everyone! Let the adventure begin!

About the Author Kendall Bohn lives and works as an artist in Minneapolis MN. He received his Bachelor of Fine Arts degree from North Dakota State University and went on to apprentice as a sculptor in New York City. Recently, his work has turned to painting in oil and acrylic, as well as creating the Kaleidoscopia line of coloring books. He has his works in the permanent collection of several institutions including Yale University.
