review helpful. Especially recommended to church school and Sunday School reference and resource collections. By Midwest Book Review A compilation of forty-five witty sketches by M. K. Boyle (a member of the Christian Writers Guild, and the Drama Director at her church, as well as the founder of Acts One, a youth drama company), each of which offers a fresh take on basic Christian concepts, "Acting Up In Church" utilizes humor to address important (and sometimes controversial) issues in a non-threatening manner that is as entertaining as it is thought-provoking. These are sketches that feature a contemporary twist ranging from classic Bible stories to marriage retreats. The themes of the individual sketches are readily accessible through three different indexes; Scriptural Index; Theme Index; Scriptural Story Index - which makes it quick and easy to match a sermon topic with a thematically appropriate sketch. Of interest to Christian drama students, "Acting Up In Church" is especially recommended to church school and Sunday School reference and resource collections.

Here is one time you can act up in church and get away with it! Your congregation will applaud the wit and whimsy in these sketches. Everything, from the props to the settings to the characters, will jump-start your church's worship routine with a fresh take on Christian concepts. Everything is geared to our contemporary times. Even the Bible stories have a modern twist to the re-telling or characterisations. Due to their humour, the sketches manage to address some weighty issues in a non-threatening manner. This book contains scripts on a variety of topics and some special use material, such as a promo for a marriage retreat and seasonal pieces. There are forty-five total scripts here that you won't want to miss.
