Although not every design appears to me to be Zentangle, each of them is very detailed and each of them will be a pleasure to color.There is credit given to the creators of each piece of artwork and I really like seeing this feature in the coloring books.I am impressed with this book and if you enjoy animals, I'm quite sure you will be too.The version I am reviewing is the Kindle version.... it is nicely put together and there is an easy .pdf download of the images for printing on your own printer as many times as you'd like.4 of 4 people found the following review

helpful. Beautiful coloring book By Sanjin I get a coloring book like this every month or so, I found them to be tremendously relaxing. I just sit in my favorite chair, stick headphones in my ears and color away. Love it. This coloring book has pretty and detailed animal pictures, I enjoy working on them. I got a Kindle version, it works well, just print it out. It can be a drag to print out a book, but it is not long. If you like coloring, this should be good for you. If you didn't try it yet, try. You may be thinking that it is silly to color some pictures as a grown man, but you would be surprised how enjoyable it can be. 1 of 1 people found the following review helpful. This has been one of my favorite coloring books by far I love the designs By Lorraine F. This has been one of my favorite coloring books by far I love the designs. Each page is complex but easy enough to complete in one sitting. I have nearly completed the book and will buy some of the other books in this series. One thing about this book is the paper is really nice with a smooth texture that takes ink really smoothly with full coverage without requiring going over multiple times. The pages are perforated so they can be removed and used as journal pages or framed. I use markers and unfortunately they bleed through the page so the reverse of the page is dotted up with bleed-through but there isn't much help for that. Also, the designs are all different but have similar design elements from page to page so the lack of variety in the details might not appeal to some, Otherwise I love the book myself and highly recommend it. I used a wide variety of pens - sharpies, color pencils and gel pens.

This is great for those times when you need to chill. Everyone will benefit from the stress-relieving effect that increased focus and creativity can provide. There are no rules or complicated step-by-step instructions in these pages and no need for craft supplies and expensive art. Enjoy and relax coloring in this various designs. © 2015 All Rights Reserved Tags: Amazon Adult Coloring Book, Adult Coloring Book Amazon, Best Coloring Book, The Best Adult Coloring Book, Best Coloring Book, Best Coloring Book for Adults, Best Adult Coloring, Coloring Books Printable, Thanksgiving Coloring Printables, Printable Coloring Book, Coloring Books Pages, Adult Coloring Book Page, Adult Coloring Books for Stress, Stress Coloring Book, Stress Relieving Coloring Book, Adult Coloring Books Stress, Adult Stress Coloring Book, Coloring Books for Stress, Stress Free Coloring Book, Stress Relieving Patterns Coloring Book, Adult Mandala Coloring, Pages Printable , Adult Coloring Picture, Adult Coloring Patterns
