Rolf McEwen : Adult Coloring Book - Fairy Tale Illustrations before purchasing it in order to gage whether or not it would be worth my time, and all praised Adult Coloring Book - Fairy Tale Illustrations:

0 of 0 people found the following review helpful. Very little to actually color. Even though it states ...By emVery little to actually color. Even though it states that some portions are black/gray, I would say at minimum, 20% is available for coloring

This book contains images of fairy tales that make beautiful art for coloring by adults who wish to relax and reduce stress. It is not a typical coloring book with bold black outlines surrounding white space. Portions of some illustrations are gray or black, yet areas exist on every page that can be colored. The artistic images lend themselves to artistic

creativity.
