Rolf McEwen : Adult Coloring Book - Fairy Tale Imagery before purchasing it in order to gage whether or not it would be worth my time, and all praised Adult Coloring Book - Fairy Tale Imagery:

This book contains images of fairy tales that make beautiful art for coloring by adults who wish to relax and reduce stress. It is not a typical coloring book with bold black outlines surrounding white spaces. Portions of some illustrations are gray or black, yet areas exist on every page that can be colored. The artistic images lend themselves to personal creativity.
