Rolf McEwen : Adult Coloring Book - Fairy Tales before purchasing it in order to gage whether or not it would be worth my time, and all praised Adult Coloring Book - Fairy Tales:

This book includes images taken from illustrations of fairy tales. They provide forms to be colored by adults who wish to relax and relieve stress. It's an opportunity to get into a pleasant place. The characters and events portrayed might recall fond memories from younger years. This book includes a collection of images rendered in black white that invite creative coloring to help adults relax and relieve stress while enjoying beautiful art. Because the images were created from paintings, drawings, or photographs, they are not typical coloring book pictures with simple outlines to be filled-in. Many of the pictures include a considerable number of gray and black areas which cannot be easily

colored. The images are artistic and imaginative, and allow for coloring of some portions of each selection.
