Fun Book!By Mary LeckieJust like another reviewer, I too love anything with hearts, and since I've been into adult coloring books lately, I had to have this because it'swell.....HEARTS! I like it, I wouldn't say I love it. I thought SOME of the designs were a little weird I guess you could say, and maybe the black lines could be thinner. About the Author Sylvie Nicolle is an author, graphic designer and illustrator and has published hundreds of designs.Creativity has been an integral part of my life since my early childhood. I have always loved color in whatever manner I have chosen to work in as an artist and designer. The interplay between shape, color and environment is one I find endlessly fascinating. I am constantly exploring and trying to capture its' infinite combinations. Drawing was one of the first crafts I explored. I hope you enjoy your journey through my creative imagination!
