Instead the majority of the pictures are printed so faintly that you can hardly tell what they are supposed to be or where one thing starts /or ends. It gets 1 star simply

because there are about 4 pictures that you can actually see to color.2 of 2 people found the following review helpful.

Adult Coloring Book HOUSES: Take it EASY with Houses of architecture! Houses and Buildings in Urban Cities and Towns, Calm Country Scenes and Landscapes Anti Stress Coloring Book for Adults! A new collection of 31 captivating images! 1 image per page, NO front and back! So, if you are not photocopying, you don't have to worry about bleed through or damaging the image on the other side! Ah, freedom. There is no right or wrong way to do art or this coloring book. No right or wrong way to express the way you feel in color. Every day and everywhere we go we are judged and sometimes we even harshly judge ourselves, so the freedom from judgement that pure art brings is VERY ANTI-STRESS. The art in and of itself is Art Therapy. This book can help put you in a hypnotic state and clear your mind of all that you have going on. Allowing you to think more clearly afterwards, rest better and come up with even better solutions where needed!
