By Customer I received my copy of Stress Relieving Cats today and was pleasantly surprised by the quality and variety of images in the book! The cats come in a variety of poses and breeds and don't seem quite as stiff as cats in some of the other cat coloring books I have seen. My favorite is a page with different cats inside boxes. The paper quality is pretty standard, so I will be using a sheet of paper between pages when using markers. 26 of 27 people found the following review helpful. Nice book for adults By Kindle Customer I bought this Adult Coloring Book for my elderly aunt who is suffering with Alzheimer's. I am pleased to say that my aunt has enjoyed coloring in this book and it brings her a sense of peace that she desperately needs. 22 of 23 people found the following review helpful. detail. Allows for personal creativity so that no one is "wrong" in what colors they choose! I will be framing some of mine.
