I didn't really know what to expect with this particular adult coloring book, but I saw the zombie unicorn and figured 'this has to be fun'. Most of the pictures looked like sketches sent in by random people and just photocopied into a book. While some of the pictures were funny, some were just plain weird. I would not buy this one, unless you are looking for some pictures with very little detail that you can add your own touch to.2 of 2 people found the following review helpful. Four StarsBy Jaye Janiakssome sketches are difficult to color.1 of 1 people found the following review helpful.
