Virginia Cary Hudson : O YE JIGS AND JULEPS A Humorous Slice of Americana by a Turn of the Century Pixie, Aged Ten before purchasing it in order to gage whether or not it would be worth my time, and all praised O YE JIGS AND JULEPS A Humorous Slice of Americana by a Turn of the Century Pixie, Aged Ten:

0 of 0 people found the following review helpful. Favorite BookBy Laney BI first read this book years ago, and I've shared it with several friends. Ten-year-old Virginia is delightful! Her ingenuous yet precocious observations of adult society in Leesville, VA, close to the turn of the century give us a peephole view through a child's heart. She must have been a handful for her mother. I also read a book of letters she later wrote to her own daughter, and her zest for life was as sharp as ever, so I recommend "Flapdoodle, Trust and Obey," as well. Her childhood observations range from friendship, gardening, and sacraments to education, spring and the Great Wall of China with many more topics between. If you want to smile or even laugh out loud when reading a book, this is one that will do it.0 of 0 people found the following review helpful. Five StarsBy GreatBrittLove the tongue in cheek look at conventions.0 of 0 people found the following review helpful. A wonderful little book!By Kindle Customer S. MageeAn oldie but a goody with humor that well stands any test of time. Thoroughly enjoyable stories that might, well beyond an assured

smile or giggle, easily coax a belly laugh. The writing is a sheer delight to read.
