**Michael Fry, T Lewis : Over the Hedge: Stuffed Animals** before purchasing it in order to gage whether or not it would be worth my time, and all praised Over the Hedge: Stuffed Animals:

0 of 0 people found the following review helpful. "Stuffed Animals" tops the list again for Michael Fry"By March Lee Warn"Stuffed Animals" is another in a long line of superb comic compilations by Michael Fry. The artwork is among the best in the industry and the commentary on the human condition is brilliantly insightful. His work has a prominent place on my bookshelf.3 of 3 people found the following review helpful. A great collection from a great comic stripBy Bruce E. RobertsThis is a very fuunny strip that has been around for years and is now a major animated feature. This volume, which has strips that were published before the movie also proves that the crazy squirrel, named Hammy in the movie and everything after that, was originally named Sammy. Why they changed the name is beyond me, but if you enjoy Over The Hedge, this is a great book of collected daily and Sunday strips.0 of 0 people found the following review helpful. Five StarsBy RadioActive BabeThe condition of the book was exactly as stated.

The Burb Boys are back for phase four, just in time for a spring movie tie-in! Over the Hedge chronicles the suburban lives of the critters who lived there first. When urban sprawl encroaches on their wild home, mischievous raccoon RJ and his sensitive best-buddy turtle Verne (aided by frenetic squirrel Sammy and a bevy of wacky rodents and marsupials) choose to take this rude incursion . . . with open arms. They critique suburbia's indulgences while

exploiting its Dish TV, lawn furniture, and deep-dish goulash of gar-bage.
