RichardsonI purchased this product in order to be able to share jokes and short anecdotal stories to my mother who has mild dementia, and is in a nursing home. She is not able to read well, but enjoys being read to. This book allows sharing of laughter and adds a bright spots to my visits with her. The term 'priceless' comes to mind when I value how she laughs outloud at the jokes and stories. What a gem this little book is.0 of 0 people found the following review helpful. My mom likes dumb jokesBy Kabuki BoyI bought this book for my mother who loves dumb but "clean" jokes. She loves it and I'm happy that I was able to give her fodder for conversation.
