P is for Pussy is a raunchy alphabet picture book of double entendres. The book is designed as much for parents as it is for kids. The racy and humorous illustrations contain double meanings which supply learning and fun for the kids and illicit (hidden) laughs for parents.

"Thank you Mama Blount for bringing B girrl bawdy-ocity back to the wee folks section under the cover of larkness. Obviously the power of HooDoo compels you." Greg Tate, author of 'Flyboy In The Buttermilk' "P is for Pussy, is an outrageously clever, yet stunningly beautiful book, perfect for subverting the sometimes... I'll just say it... BORING task of educating our children. For some, it'll simply serve as conversation starter at dinner parties. For others (as in the folks whose small children won't allow them to attend said parties), a straight-up life saver." Jason Reynolds, author of 'When I Was the Greatest' "What great fckery this is! Smart! Bad ass. Foul and fun. And the art work is just trippy enough to make me feel like I'm on something!" Radha Blank, humorist, aka RadhaMUSprime 'the 40 Year-Old

Version'
