**Todd Hunt : Pardon Me, But That's a Really Stupid Sign!** before purchasing it in order to gage whether or not it would be worth my time, and all praised Pardon Me, But That's a Really Stupid Sign!:

However the book presents only a black square on each page around a printed quote of what the author presents as actual words from signs. I consider this a very cheap presentation. Don't get this book if you want pictures of actual signs at their actual locations - which is what really makes signs funny.

Laugh at 136 actual signs, ads and product labels that are so stupid you'll shake your head in disbelief. But every one is real (we couldn't make up such doozies).

From the PublisherReading this book is like eating popcorn -- you can't stop. And with one funny sign on each page, you won't want to stop. Makes a great gift for customers and clients too.From the AuthorThis book pokes fun at stupid signs, ads and product labels. And they should be poked fun at, because they're just plain dumb. Every one is real. I didn't make up any of them.About the AuthorTodd Hunt is a Recovering Anal Retentive Professional (RARP) who finally learned to lighten up. Now he's a nationally recognized author and speaker, who tells funny stories about sales, customer service, leadership, change and communication bleeps and blunders in business. His other books include "Does Anal Retentive Have a Hyphen?"
