Jesse Monkman : Parody before purchasing it in order to gauge whether or not it would be worth my time, and all praised Parody:

"Parody" is an exciting new 4-mallet marimba solo by percussionist/composer, Jesse Monkman, from Boston, MA. The piece is divided into four distinct sections each utilizing different foundations of 4-mallet playing with room for much expression and musical phrasing. Perfect for recitals, festivals, or jury exams, "Parody" is challenging for average 4-mallet players and is enjoyable for performers and audiences alike.
