Also very disappointed to see the daddy in the book isn't named Pat, as it is part of a gift for a first-time daddy named Pat.0 of 0 people found the following review helpful. Two StarsBy CustomerBook was damaged in two places0 of 0 people found the following review helpful. Cute laughBy CAVA24Funny gift for Dads or Dads to be. Rather flimsy, but it's not like it will be read and reread over and over. Think husband will enjoy it!

Working off the hit of Pat the Bunny – and with Pat the Husband already a top-rated spin-off, Nelligan is back at it with Pat the Daddy. It's a spot-on parody of coping with being a new parent, relayed in a simplistic, tongue-in-cheek manner that's sure to ring true with any prospective or even seasoned parents.Following on the crib – I mean coat – tails of Pat the Husband comes Nelligan's parody of what being a father is all about. Portrayed in tongue-in-cheek sarcasm with equally clever illustrations, the book will ring true for all dads.
