By Zebra girl I bought this as a gift for my mother-in-law because it sometimes is fine until the bond over funny things like this. This book is hysterical and makes fun of husbands and relates it to the Pat the Bunny children's book. It is hysterical all of the typical husband jokes it brings up, and I laughed my head off. When my mother-in-law opened it she opened it in front of some of my work her relatives and they had some pretty big laughs and is a really fun memory for me. If you have a woman in your life be it your mother-in-law, mother, sister or friend this is definitely worth getting for them to have a laugh or two at. 0 of 0 people found the following review helpful. Dorothy Kunhardt's Pat the Bunny is a children's classic, with millions of copies sold. It inspired numerous spin-offs for both kids and adults but none as wickedly amusing as this clever interactive book! Every wife, girlfriend, and

woman who hopes to be one will treasure it, and have endless fun playing with the lift-the-flap, touch-and-feel, pull tabs, and other highly designed elements. It slyly questions who wears the pants in the family, and lets women humor their men by removing the Velcro pants from the female figure and putting it on the male. Or, eager to have hubby say yes to your request? Then just use the tab to make his head nod! Since all men are really little boys at heart, what better way to celebrate (okayroast) their peccadilloes than with a kids book format? Pat the Husband takes amusing aim at the oddities of guys everywhere, making it the perfect gift from girlfriend to girlfriend, as well as for bridal showers and anniversaries. Every wife will recognize the humor in the quirky characteristics played out about husbands everywhere and find a reason every day to sneak a peek and pat!
