Now I have a sordid back story to support my fears and distrusts. Excellent pool side or beach side read. Might I suggest sun screen.0 of 0 people found the following review helpful. and tone right in my head, but by half way through the subtle (at least to my brain in an airport) lapses in logic and humanity start to be more obviously. I want to read it again to catch what I may have missed the first time - the salesman (Brian and or Patrick) had me hook, line, and sinker. Very entertaining read, and worth a 2nd time though even. 0 of 0 people found the following review helpful. Five Stars By KimberlyGreat story about a sociopath salesman on an adventure. I was very entertained, not for everyone.

British novelist Brian Hennigan's drily hilarious antihero Patrick Robertson is a cynical, perpetually sauced master salesman, devoted drinker, and connoisseur of Asia's finest hotels. In Patrick's world, meeting a beautiful stranger for drinks in Bangkok is par for the course. Being kidnapped afterwards by the People's Earth Friendly Liberation Group, mistaken for the Patrick Robertson from the International Monetary Fund, and transported to the jungle (along with several other erroneously-abducted Patrick Robertsons) to meet certain death is decidedly gauche. Patrick must escape his captors, brave the perils of the deadly, Chardonnay-less rainforest and find his way back to civilization. To survive, he must use all his sales training and lust for the good life -- plus a hefty dose of betrayal, murder, theft and identity theft.
