Perfect size to fit in purseBy Lisabeth WotherspoonI love the size of this book, 6"×5" approximately , because I can stick it in my purse and bring it along where ever I go, beach, waiting for the kids, etc. The pages are all abstract, which I prefer, rather than pictures of objects. Just like one might analyze dreams, I use these to analyze my feelings by paying attention to my color choices . I love this book!0 of 0 people found the following review helpful.
