**Marti Jo's Coloring : Patterns Coloring Book Vol. 2** before purchasing it in order to gage whether or not it would be worth my time, and all praised Patterns Coloring Book Vol. 2:

6 of 6 people found the following review helpful. Great Patterns!By macieLove this Designs!4 of 4 people found the following review helpful. pictures are too small. .By KR!S30It wasn't as i expected.The pictures you color are only maybe HALF the page. they are VERY small. You are going to need very fine tip markers to color it with.I was actually pretty disappointed in this book when i received it.3 of 3 people found the following review helpful. Really Good ColoringBy Kindle CustomerI am not an experienced colorist, so I had trouble with the first few patterns, until I wised up and looked for the bigger patterns to color first.Time goes fly, my cats got jealous.

"Love it! - The designs are fun and VERY detailed. Highly recommended." - C. Teicheira "Great fun! - The other books in the series are great, too!" - KinderMick This volume contains 50 complex and challenging repeating patterns,

geometric designs and abstract images making it an advanced coloring book more appropriate for the experienced colorist. You will be amazed at how razor sharp these images are allowing you to easily see every intricate detail in these dazzling patterns. Printed on its own page to eliminate bleed through each high resolution image in this large 8.5 X 11 inch book is approximately 7 X 7 inches leaving ample room at the top and bottom of the page to test color combinations and media or make notes.

Love it! - The designs are fun and VERY detailed. If you like coloring big open patterns, this is not the coloring book for you. I love the detail - it is easy to get into the flow - time just flies. (There have been a couple of late dinners!) The paper is high quality and takes color well - I use pencils. Highly recommended. - C. Teicheira
