Each book is like a visit with her family and they are such fun! I read her books on the train and almost always have to refrain from laughing out loud. I have 3 little ones and home and can SO relate to all the family stuff she puts in her books. They make me want to rush

home to enjoy the kiddies.3 of 3 people found the following review helpful. Peanut Butter Kisses Mud Pie HugsBy A CustomerWhat a joy! I bought this book on a whim and each time I pick it up, I laugh and nod in understanding. There is so much wisdom that is beautifully wrapped in real-life humor, a la Erma Bombeck. Ms. Freeman's motherhood experiences with 4 children and a crazy life so closely mirror my own. Her final gift to us, her readers, are the gentle quotes from scriptures. Thank you, Ms. Freeman. I am buying many copies of your book and giving them in gift baskets to my friends for Christmas.4 of 4 people found the following review helpful. Kisses Hugs are only a part of a Mother's rewards.By mgantt@argontech.netBecky has captured the feelings of motherhood in all their glory. It's joys and sorrows, the bittersweet knowledge that if we are doing our job right, we are raising our children to leave us. Once again, she uses humor and a profound understanding of humankind to share her story. I laughed and cried with Becky throughout this book. I highly recommend it to anyone who is a mother or who was once a child or who has ever known a child!
