Martin Ohlin, Mark Masyga : Peeps: A Candy-Coated Tale before purchasing it in order to gage whether or not it would be worth my time, and all praised Peeps: A Candy-Coated Tale:

0 of 0 people found the following review helpful. Not what I thoughtBy AMSSCI guess I miss understood the purpose of this book. I thought it would be a cute book to read to a group of young children. When I received it it was not at all the storybook that the item description had given. I was very disappointed0 of 0 people found the following review helpful. Cute until a bad word was found !By MirandaMy 7 year old daughter is in love with her Peep. I was so excited to get this for her. Until she brought it to me and showed me the word ASS in the " Runyon Peep Jones" story. I understand he is suppose to be a cowboy, but do they really need to add that in to what seems clearly to me a kids book. I'm disappointed for this reason!0 of 0 people found the following review helpful. PricelessBy L. EllenSimply an adorable, satirical book. Super creative inspiring for anyone planning to create zany, humorous literature.

Part whodunit, part pop culture craziness, Peep Fiction is a testament to the unbelievable popularity of and goofiness surrounding America's #1 selling non-chocolate candy. Alert the media-a prominent Peepsville family of marshmallow

Peeps has gone missing! Told primarily through newspaper and magazine stories, their mysterious disappearance provides the basis for this weird and hilarious whodunit. How did the Peeps family find themselves in such a predicament? Who is responsible? And more importantly, can they be rescued before their sell-by dates? Clues (and some crafty characters) abound as you peep through the pages of the Peepsville local newspaper, an old Peepsville High School yearbook, and of course, the infamous Peep Magazine. With craft ideas included throughout-because, after all, 1/3 of all peeps are purchased for purposes other than eating-this goofy book, sure to be a big hit with Peeps fans everywhere, celebrates the zaniness of peep culture while offering up something all its own. Sweet, silly, and immensely popular all over the country, Peeps have finally found a book to call their own!

About the AuthorMark Masyga's radio plays and parodies have been aired in Minneapolis. He received an MFA in painting from the School of the Art Institute of Chicago and presently lives and works in Brooklyn.Martin Ohlin received a BFA from Carnegie Mellon University and an MFA from The School of the Art Institute of Chicago.
