James Patterson, Jack Patterson : Penguins of America before purchasing it in order to gage whether or not it would be worth my time, and all praised Penguins of America:

1 of 1 people found the following review helpful. Pure joy!!!By Sandy KIf you're looking for a gift that will put a warm, happy smile on someone's face, this book will do it. It's a wonderful coffee table book that just begs to be picked up and enjoyed - even if you don't own a coffee table. The brilliant and beautiful art direction and illustrations (which are outrageously exquisite by the way - they really make this book sing!!!!!!!) and assorted human-esque penguin scenarios invite the mind to play. I savored each joyful, juicy, captivating, thought-provoking and downright adorable penguin. This book is pure joy! Happy and grateful to have discovered Penguins of America...1 of 1 people found the following review helpful. CleverBy B. ArmellinoWhat a fun read with amazing illustrations. Great first for Jack Patterson. It brought a smile to my face and we all need that.1 of 1 people found the following review helpful. Great perspective. Thanks Jack and JamesBy sabtll smile every time I show this book to someone. Great perspective. Thanks Jack and James.

A lavishly illustrated, humorous book from the world's #1 bestselling writer and his son that shows how humans and penguins really aren't that different after all. Penguins--our lovable, cute, flightless friends who are constantly dressed for a formal occasion--have always fascinated humans. As we shuffle through life one day at a time, it's easy to take things far too seriously, but when we see penguins taking a walk in our shoes it's impossible not to recognize how silly we can actually be. Featuring humorous illustrations with captions that show penguins in the day-to-day situations that we've all experienced--from a relaxing day at the beach to a stressful morning commute--PENGUINS OF AMERICA is a hilarious and charming send-up of daily life.
