**Christopher Behrens : Penis Pokey** before purchasing it in order to gage whether or not it would be worth my time, and all praised Penis Pokey:

The characters really come to life when flipping through each scene, whether your star penis rises to the spotlight like a mighty sequoia, or is more of a weeping willow suffering from stage fright, Penis Pokey will showcase him as the cockstar he was meant to be. UNLESS he really is a cockstar and the girth of your quivering member is packing too much penis to poke through that pretty large hole. Which is why they put that small dickclaimer on the back! Don't worry 11 out of 10 penises will fit in the hole and if you are that .0001 percent who does not, CUNME!2 of 2 people found the following review helpful. Could stop laughingBy Raleigh C FlowersGreat for a laugh. You could literally buy this for anyone.5 of 5 people found the following review helpful. best bridal shower giftBy M. PetersenThis book is hilariously raunchy without being graphic. I bought 4 copies, and have been giving it to every new bride as a bridal shower gift. It gets the party rolling!

The Book Where You're the Star! Every scene in Penis Pokey has one thing missing—and you have to complete the picture. Are you up to the challenge?
