One of the best comics for gamers!By JBakerArtPenny Arcade is a comic that my husband likes to read online and I was so excited when I found the physical books with all of his favorites strips. The book is a paperback but really good quality! This book is not one that would fall apart at all or cheaply made. I ordered the book and it shipped fast and arrived quickly. Just in time to give it as a gift for the holidays! I looked over the books and they were in great shape and none of the pages or the spine had damage. The pages had vibrant colors and illustrations.I really do think this would be loved by anyone who is a fan of Penny Arcade or good comics. It is suitable for adults or kids. This comic book is great for anyone in your life who is into gaming and comics, they often have comics about gaming ( console and pc). My husband is a huge fan and this was a perfect gift for him. He's such a big fan that I ended up buying three more of the books! I will continue to buy the rest of the books to complete the collection very soon.2 of 2 people found the following review helpful. Another Penny-Arcade

hit!By fdiskThe book is hilarious; Mike's comments really drive the already funny strips home. The introduction is by Scott Kurtz and it's hilarious although I think he goes overboard with the cursing. I guess because he doesn't do it on his own strip he lets loose over here, however it gets to the point where it's a little gratuitous; but I don't give a f\*\*\* it's still a good intro.I'm not giving it 5 Stars because the "bonus material" is pretty weak; the art itself is phenomenal, I love Jerry's linework and style. It's also really neat to have a look at the first designs from their upcoming game. However it doesn't compare to the bonus section from the last book where every page was beautifully drawn by Jerry and perfectly rendered by Hawk.Overall a very fun read, highly recommended.0 of 0 people found the following review helpful. Great comics for anyone in gaming/mediaBy Alex KI've followed Penny Arcade for many, many years and I adore their content. For anyone who's involved or keeps up with gaming/media news, the comics are always spot on.
