A somewhat entertaining novelty readBy Chris Chapa"People Who Deserve It" is a comprehensive and detailed list of those A-holes we all know that by some means of ignorance, stupidity, or general lack of concern for those around them, warrant themselves a knuckle sandwich right to the kisser. Here and there are a few personal views by the author of specific folks to especially deserve it, and a few individuals who deserve quite the opposite; praise. Like I said, it's a novelty read. You may chuckle here and there, but there isn't

anything particularly profound within these pages that you will carry with you once you are finished reading it. 0 of 0 people found the following review helpful. A gift for someone who has a colorful view...By Chele O'Sully A Christmas gift for my husband, who echos this sentiment on a daily basis. I leafed through it and find it funny, but I think it could be funnier (although I do think the author makes some very good points). We are fans of the "Hate Everyone" and "Hate Everything" books, so if you are as well, this is a good read for you. 1 of 1 people found the following review helpful. Simply Hilarious By B. K. Whittaker This book covers just about every major annoying type of person that you wish society would allow you to swat in the head. Good fun especially if you can't stand waiting on a check-out line as somebody writes a check for \$3.87. Fortunately, there are an infinite number of ways to be an annoyance, so I am sure there will be some hilarious sequels.

Society tells us to accept people for who they are. Sometimes society is wrong. Meet the best of the absolute worst-the perpetrators of the most wretched demonstrations of moral conduct ever: Super Snorer Terrible Baby Namer Hot Water User-Upper Express Checkout Cheater No-Umbrella Etiquette Lady Eight-Minute Voicemail Leaver Dude Who Takes Board Games Too Seriously People Who Deserve It exposes everyone and everything whose behavior, life choices, and sometimes odor leave humanity with only one painful option: a punch to the face.
